Brad Greenberg was the winner of the March club challenge. Way to go Brad. Photo by: Rich Cummings

The Editor's Insight

Believe it or not I finally finished the Show Car I have been working on for months. I would have finished it sooner but I have had a total of three projects going. Other than a little weathering on one all three are now complete. To see my completed Show Car see the photo's and article on page 4 of this issue.

Its just about time for our first show of the year at Railroad Pass Casino on Saturday, April 10, 2010. We are hoping to have a good turn out.

Our meeting is on April 20, 2010 at 6:30 pm at the Library. It will be fun discussing the show as well as seeing how many of us completed the challenge made by our CEO to complete our Christmas gifts. I look forward to seeing everyone there.

By Ann Canepa

THE PRESIDENT'S NEWS & POINT OF VIEW

Our March meeting was really fun, as we held our first challenge of 2010. The turnout was a little sparse with only six entries, but the quality level was quite high. I understand from Phil the voting was very close with Brad Greenberg squeaking by Frank Canepa for the win. Brad's weathered junkyard tow truck was a great example of a military model converted to civilian use. Frank's British Racing Green Morgan Plus 8 was very nicely done and showcased the "foreign kit manufacturer" theme very well. John O. sent a 1/16 scale 1886 Daimler Benz even though he was out of town, that's dedication! Mike McCullough tried in vain to complete his sporty red VW, choosing not to enter, show and tell instead, nice try Mike. All in all it was a great start to the Kit Kruisers' challenge season. Nearly everyone registered for July's challenge "complete a stalled project"

This month's meeting features an unofficial challenge to build the gift you received for Christmas. We will also hold our first Distressed Kit Auction, bring those kits with some flaw or reason why you don't want to build. ever! Remember, one man's junk is another man's treasure.....so pass on those "treasures" to new owners, and wish them well.

April 10th is our first event of the year at Railroad Pass Hotel and Casino. Please come and spend the day with us. We will be in the banquet room this year, hopefully the location will be better than last year's hallway.

Festivities start at 8am, you must register by noon, please wear your club shirt for easy identification, see you Saturday! That's it for now, happy building.

Yours in Plastic,

Jeff Skillman

President

2010 CLUB CHALLENGE

More Photo's From March Meeting.

Photo's by Rich Cummings

Open to all scales. Models must be the work of the entrant, must be a new build, no team builds. Include material to help judges.

Mar. 16, 2010 - Any Foreign Manufactured Kit No American Manufacturer. Any way any subject, any style

July 20, 2010 - Stalled Project- 90 day build Must bring to the March meeting .

Nov.16, 2010 - Any Thing, Any Way, Any Style. This is a 60 day build, must be a new build. Please bring kit to the September meeting.

We would like to see at least one or two complete builds this year. Don't forget the winner receives a Gift Card.

GOOD LUCK 2010 !!

Jeff Skillman

Can anyone tell me what scale the above kits are?

My Show Car Challenge

By: Ann Canepa

Well here it is my Lil Coffin Show Car. Let me know what you think. I can't say that this was one of my favorite builds, but I can say it was quite a project. I think that is why I took on the challenge. I have now built a hot rod and I can honestly say there won't be another one any time soon. The chassis went together well as well as the interior. The body was another story and I won't bore you with the details. I am fairly happy with the overall look of the car. I may in the future tackle a real hot rod model rather than a show car of this type. It may be a bit better for me. Time will tell.
